“The SBA is strongly committed to providing the people of **Illinois** with the most effective and customer-focused response possible to assist businesses of all sizes, homeowners and renters with federal disaster loans,” said Administrator McMahon. “Getting our businesses and communities up and running after a disaster is our highest priority at SBA.”

For small businesses, small agricultural cooperatives, small aquaculture businesses and private nonprofit organizations, the SBA offers Economic Injury Disaster Loans (EIDLs) to help meet working capital needs caused by the disaster. EIDL assistance is available regardless of whether the business suffered any physical property damage.

“Loans up to \$200,000 are available to homeowners to repair or replace disaster damaged or destroyed real estate. Homeowners and renters are eligible for loans up to \$40,000 to repair or replace damaged or destroyed personal property,” said Frank Skaggs, director of SBA’s Disaster Field Operations Center East in Atlanta.

Applicants may be eligible for a loan amount increase up to 20 percent of their physical damages, as verified by the SBA for mitigation purposes. Eligible mitigation improvements may now include a safe room or storm shelter to help protect property and occupants from future damage caused by a similar disaster.

Interest rates are as low as 3.215 percent for businesses, 2.500 percent for nonprofit organizations, and 1.938 percent for homeowners and renters with terms up to 30 years. Loan amount and terms are set by the SBA and are based on each applicant’s financial condition.
